- ◆ Calibration can be done automatically within one second
- ◆ Up to 3000 readings stored.
- ◆ English/Chinese operation menu available
- ◆ Convenient measurement with infrared sensor switch
- ◆ Footswitch available for simple measurement

■ Order Information :

BEVS 1506 Bench Glossmeter

■ Other Information of Accessories :

[BEVS1506/P/001 Standard Calibration](#)

[BEVS1506/P/002 USB Databale](#)

[BEVS1506/P/003 Footswitch](#)

[BEVS1506/P/004 Optical Sensor Switch](#)

■ Technical Specification :

- ◆ Angle: 60°
- ◆ Range: 0-2000GU
- ◆ Repeatability: ± 0.5 GU (0-199.9GU)
- ◆ Precision: 1GU
- ◆ Measurement area: 2x2mm
- ◆ Display resolution: 320x240
- ◆ Control: Touch screen with one key measurement
- ◆ Memory: 3000 readings
- ◆ Operation temperature: -10°C ~ 40°C
- ◆ Port: USB
- ◆ Dimension: 220x190x85mm (LxWxH)
- ◆ Weight: 3kg

■ Standard :

- ◆ ASTM D523, DIN 67530
